

## *Volunteers needed!*

The Germansville Fire Company is a community fire company run by volunteers. In order to keep going, we need more people to help out at functions and other fundraising efforts. Below is a list of opportunities where help is needed. Please check the boxes of anything you may be interested in helping with, and list the name(s) of the family member willing to help, next to it. You will not be called to help out every time nor will you be committed to help just because you checked a box. It just gives us an idea of what you would like to help with. Any amount of help will be greatly appreciated. Teenagers are welcome to help. What a great way to meet other members of your community!

*\* If you are currently a volunteer or have helped in the past, please fill out this form as we are updating our volunteer list.*
